The Writing Centre is a free resource located in the Emily Carr Library, offering writing support to students, staff and faculty. Our mission is to promote, support and make visible the culture of writing and learning here at Emily Carr.

We aim to help all writers:

- know **who** they're writing for, and **why**
- see **how** their writing choices affect readers
- understand that **writing skills are valuable**

**All writers need readers** and the Writing Centre is where you can find them.
